WEDSESDAY, Feb. 28-P. M.

WEDSESDAY, Feb. 28—P. M.

There was not a large activity in Stocks, to-day, but at the morning Board the tendency of prices was upward. There is still a great lack of speculation from entaide the street, which prevents the rise which usually follows an easy money-market. The leading Stock houses complain of the dullness of business, and operations of the Board appear to be mainly confined to the appearation bear or an entail of the street of the pear to be mainly confined to the speculative bankers. At the Second Board, the market was quite heavy from the morning; Reading, 76], an improvement on yesterday, but a decline from the morning; Central was, 94: Harlem, 32; Hudson River, 38!. Panama was rather firmer, selling at 107!. A letter from a highly distinguished British officer in the Pacific, pronunces this Road one of the wonders of art and will ability in morning. which the world can boast of. Nicaragua was beavy, and offered at the close at 15; Cumberland also fell off, but closed at yesterday's price. In Rail-read Bonds the sales were not important and without much change. Illinois Central, however, advanced Feent., closing at 73; New-York Central 7s, 99; co, 871; Eries, 1875, 83, 1871, 791; Hudson River Pirst Mortgage, 102, &c. State Stocks are steady and not pressed on the market in advance of the demand.

There is nothing of importance doing in Exchange. The market is nominally 9293 for Sterling, 5.15@

a 114 for France.

In Freights we hear of 25,000 bushels Corn 44d. in balk, 1,000 bbls. Rein, 1/101; 350 bales Cotton, 5-22d.; 300 or 400 tes. Beef, 3/; 200 bbls. Pork, 2/; 500 half-chests Tea, 11/; an entire cargo, 2,000 tuns Guano, at 16/. To London, 200 boxes Bacon, 22/6; 200 half-chests Tea, 15/. A charter was made to

Cadis, Rio, and back, at \$3,000.

The receipts at the Sub-Treasury were \$67,288;
paid \$139,530, including about \$100,000 for redemption of Government Stock; balance, \$4,641,267; paid from Assay Office, \$129,575. A transfer draft for \$100,000 on our Sub Treasury was received from St. Louis to-day, by the correspondent of Messre. Page & Bacon, but was not sent in for payment. Beveral considerable lots of Government Stock have seen sex to Washington for redemption, having been exchanged at the Bank Department for the Canal Loan just awarded. The bid of the Secretary of the Treasury for Government Stocks runs out to-morrow. We have not beard if he intends to renew it. The ness of the Sub-Treasury for the month has been:

On account of Post-Office Depart't. On account of Transfers On account of Miscellageous	37,866 1,800,000 51,556	00	4,600,

les of bonds and stocks were made at auction by

Albert H. Nicolay's regular semi-weekly auction male of stocks and bonds will take place to-morrow,

Thursday, at 124 o'clock, at the Merchants' Exchange. The interest due 1st March on the bonds of Eleveland and Toledo Railroad Company will be paid at the office, No. 18 William-st. The bondholders of the Panama Railroad Company

have, within a few days, converted \$570,000 of their bonds into stock, the interest from January 1st being allowed to them. After to-day the interest privilege on these Bonds when converted ceases.

The business at the Clearing House to-day was

The shipment of gold from Boston to-day was

Size, 600, which was less than was anticipated.

The receipts of the Cleveland and Toledo Railroad

Company for the week ending 24th of February

Company for th

asnounced by telegraph. The parties are not much

supply of money on call is increasing. The large Stock houses have more offered than they want at 566 P cent. Time loans, however, excepting upon strictly first-class collaterals, are difficult to make. The offerings at Bank are to fair extent, and all the desirable paper is done. Some of the Banks are taking short paper from outsiders at 6 P cent. It is to be hoped the expansion of Bank loans will now be sheeked. The point already reached is sufficiently high for safety, and if we are to continue to lose specie by foreign shipment, the reaction in Bank facilities will be much less severe, if we arrest the expansion at the present point. The case in the money marke convincing proof that no further enlargement of

and new bankruptcies.

Mr. Hoadley, the assignee of Messrs. Page, Bacon & Co., has made a claim upon the Nicaragus Transit Co. for the value of the two boxes of gold lost out of the last shipment by that route.

The Broome County Bank was reorganized under the General Banking law 1st Jan. last.

The bill to charter the Air-Line and South Jersey Central Railroad was read a second time on the 26th central Kairoad was read a second time on the soin in the Assembly of New-Jersey, and ordered to be en-grossed for a third reading, without amendment or op-position. The present bill is substantially the same as that defeated at the last session, providing for the construction of a railroad from Keyport on Raritan Bay, through the counties of Ocean, Monmouth, Burlington, Camden, Gloucester, and Salem, to a point on the Delaware River or Bay, south of Cohansey Creek. It is supposed that the bill will pass the House. Whether it will be equally successful in the

Senate, is more doubtful.

The Corporation of Baltimere owns about \$4,000,-Company. A resolution has been introduced into the Common Council to appoint a Committee to confer with the President, Directors and Stockholders of the Company to accertain the terms on which this stock will be purchased by the Company, substituting in its place an amount of bonds bearing interest for the net

The losses of the Boston Insurance Companies in 1854 were \$2,696,080—equal to 65 ♥ cent. on the aggregate capital. The following table will show the amount at risk in these offices on the lat of December

P cent. on call. Call loans in State-st. vary from 8 to 12 V cent. Business is very dull in all its branches.

At New Orleans Sterling was scarce, at the latest dates, at 828 P ct. France and Northern bills plenty. The demand for Exchange was good. Sight bills on the North j @ j ♥ et discount. The rivers

Railroad Company be held for the purpose of submitting to them the proposition to borrow money on their bonds to relieve the present embarrasement of the Company.

The following table gives the Retail Price of the principal articles of Farm Produce in the City of New-York on Wednesday, Feb. 28:

Fresh Eggs were sold yesterday at 50c, ? dozen.

Markets _ CAREFULLI KEPORTED FOR THE PRINCIPE.

ANIES.—The market is enthest variesion; this demand is moderate at \$6. 371 for Pots, and \$6.00 for Pearls. Saleratus is selling at \$6. e.e.h.

BOOTS AND SHOES.—The amount of business doing it far from being tair as dubiders find it defilicant a seasoften any situation to wortent it. The assortment is printly good, but the amplies in the hands of manufacturers is very underste. There is very little deing for expert.

\$RICK.—We have no change to note: the supply is light, that afficient for the wants of builders. Sales of favor at \$5 for joud lots, and \$4. 170 feet to for Jersey. Philadelphia Face at \$6.00 for Jersey. Philadelphia Face at \$6.00 for Jersey. The sales of the sales at \$6.00 for Jersey. The sales of the sales at \$6.00 for Jersey. The sales of the sales at \$6.00 for Jersey. The sales of the sales at \$6.00 for Jersey. The sales is the sales at \$6.00 for Jersey. The sales is \$6.00 for Jersey. The sales of \$6.00 for Jersey.

Saturday next

OUTON-Our market is firmer for the better grades, with
a steady fair cemand, the commen qualities have also slightly
improved, with a better inquiry, and prices close busyant at the
samened quotations:

Upland. Florida. Mobiles. and Texas.

At New Orleans Sterling was ecarce, at the latest dates, at \$2 \(\tilde{} \) \(\

The Committee are of opinion that the present means of the Company, if shiftedly and judiciously applied, will extricate it from its embarrasments. They as:

"Those means consist of 76 bonds of the Company of \$1,000 each, and 15 mortgage bonds of the Company of \$1,000 each, and 15 mortgage bonds of the Company of \$1,000 each, and 15 mortgage bonds of the Company of \$1,000 each, and 15 mortgage bonds of the Company of \$1,000 each, and 15 mortgage bonds of the Company excurstely what can be realized from this latter source, though they have reason to believe it will be very considerable.

"In this estimate of means the property belonging to the Company beyond Avon is not interest the control of the amount due Mr. Clark, as reported, your Committee have been informed and believe that 225,000 is for interest dividends. That \$5,000 more of the reported indebtedness is for interest dividends to other stockholders. We do not consider this amount of \$3,000 so present debt against the Company, and the Committee believe that any application of its fund.

\$3,000 so present debt against the Company, and the Committee believe that any application of its fund. Committee believe that any application of its fund. We will be a special to the continue of the company beyond the company beyond the company and the Committee believe that any application of its fund.

\$3,000 so present debt the agreement to take \$0,000 or for interest dividends to other stockholders. We do not consider this amount of \$3,000 so present debt that company and the Company and the Committee believe that any application of its fund.

\$3,000 so present debt that company, and the company and the c

set'y this State Catrle, he small lots.
Eagree reported for the week, at each of the

mumber is an Wednesday was 1,646. The number to-day is 1,50, which is 777 below the average of the year in this market. There are two or three rums abble features in the market to-day. In the first piece prices are considerably in advance of last week. Some asy full one cant upon all sood fisewes. In the second piace, there are not two handred good Beeves in all the Yards.

The weatherlis just as fine as could be wished. It is a clear, cool day. It is just such a day as should make a very briak carriety, yet if cannot be said to be so, and for a very good reasonable part and the pens are filled with the meanest lot of brutes, we werly believe, that were ever collected tegether in any market place of a civilized action. One half of the whole number are just as absolutely unfit for human food as the starved mules that Col. Fremonit's men substed upon its the fixed you would be cent human food in time of a famine. One-half of the last quarter are only just cassable, teaving one-eighth of the whole number for the last quarter are only just cassable, teaving one-eighth of the whole number are just to said to rany decent bether market.

We came to the cooliusion after zoing through nearly all the yards, that Ohio was entitled to carry the acailaway hanner. It did appear that all the State had been warched for animals fed on last year's pea brush. But acknowledge Ohio best.

After being ransented with the sight of such contemptible, poverty-stricken lots of frames and skins, we found a pen that are entitled to the premium hailing from this State. We demonstrate them the Ruffle-shirt Scallawage, in consideration that their owner sported that ancient appendage to his under garment.

Seriously, the owner of this lot, and more than two hundred other bruies ought to be indicted for selling numbeled and appendict of the rest of the country, let us go without meat till corn and callyes grow and get fat. It is murder to kill hones upon which there is no meat.

We subjoin notes made in a few of the yards, principally of calls

Out of another lot from Lorain County by it. Letter pair sold for \$430. The live wt. estimated 35 cwt. This was 11\(\text{c}\). A let of common stock, this State Cattle, sold for \$130\(\text{c}\). A let of common stock, this State Cattle, sold for \$130\(\text{c}\). County the heat drove in the yards same from Virginia, South Branch of Petomac, by Edward Williams. They are estimated by the salestann, Jos. H. Williams, to average 8 cwt. and 11c. \$700.

This drove came by cars to Philadelphia and on foot from there, at \$61\(\text{P}\) head expense. From Baltimore to Philadelphia the charge is \$63. Drovers would freely pay the same \$16. \$\delta\) sharps through New Jetzey, if the Railroad Company would carry their Cattle.

John A. Merritt has a drove from Fayette Co., Ohio, by Wm. Snyder, of telerably fair common beef cattle, and some very good—20 sold to John Harris, for \$90\(\text{ each}\); which is equal to [2c. The balance of the dreve are in sood order generally but quite too small for profit to breeder, feeder, butcher, or consumer.

but quite too small for profit to breeder, tender, outcome, outcome, outcome, one consumer.

Mead & Hoag have 90 head of very common Ohio steers, averaging about 54 cwt., which are seiling at 84 bitige. They sold a pair of Dutchess County oxen, fed by Alleo Aldridge, to Wm Salor of Centre Market, for \$5 30. They were estimated by the seller at 36 cwt.

Heary Tuttle sold 11 head of Connecticut red oxen at \$20, that would average about 5 cwt. \$2 head, sold by E. T. Gurney, for \$50, which is 90 tite.

Sitteen by Dysart, from Ohio, at same price per head, will be shout be 15 cmt higher the sold of the control of the c

A let of common Indiana stock, 32 head, sold by R. J. Cur.

By taken by Dysart, from Ohio, at same price per head, will be
shart helf a cent higher.

Charles Teed has 55 head of Ohio Steers, by Z. J. Frost;
some of which lock as though they had been frost-bitten in the
worst way. They are a scraggy lot of old stage and thin steers,
that have'f fat enough in them to cook their own meat.

A way recommenced buyers to try out the oil of a dry codfish, to grease some of this heef.

A portion of the same drove are pretty good, and some of
them sold for \$80, \$85, \$50, and \$83.

Allerton & Belden are selling a lot of 70 head of most abommable scallawags. They will, perhaps, average 5½ cut and
less than \$50. One lot of 10 head sold at \$32. That was more
than they were worth.

They sold another drove of 58 head, by Norton & Eastman,
from Coebecton County, Ohio, wholesale, for \$56. These
would average about 6 curt.

Simen Ulery has 51 head, owned by Win. Bryant, of Ohio—
who still drives his own cattle, as he did forty years ago, to
Buil's Head, then out of town in the Bowery, near where the
Theater now stands.

Miller & Haring, report 101 from Ohio, by P. A. Crow, 73
sold at Bergen at \$40 the, average 54 cut, and 10c. B.

Another lot of 45, from Chaotaque County, are start representatives of Pharioh's lean kine. One of the conrespect of the common country are fair representatives of Pharioh's lean kine. One of the country of the
house immed McCrow sold of the same yard have a lot which
should immortalize their owners. If possible, they are more
should an become the respection that we can give
of the prices are very fair. The heat expection that we can give
of the prices are very fair. The heat expection that we can give
of the prices are very fair. The heat expection that we can give
